Re: Electric Restructuring Workshop

Dear Gary:

I have had several inquiries about the short response time allowed to react to the proposed electric restructuring rules. The proposed rules were mailed out on the 28th of August and received on the 29th. The response time is September 12th, or ten working days. For an effort of this magnitude, any reasonable person would agree this is too short a period for review and comments.

I request the response date be changed to allow adequate time for thorough discussion and response by interested parties.

I will be happy to discuss this with you.

Sincerely,

A handwritten signature of Carl J. Kunasek.
